

Dear XXX

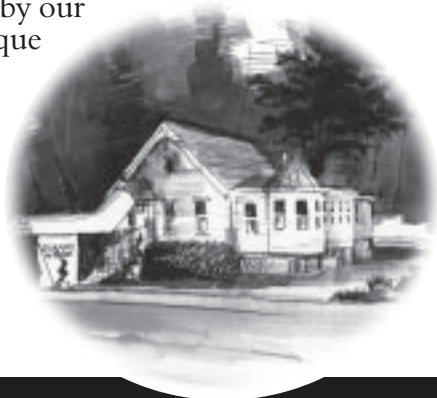

In the tradition of quaint village restaurants, restaurateur Brian Treacy invites you to sample delicious food and warm conversations at DURAN'S by Brian. Feel special, pampered... like royalty. Because, at Duran's all you have to think about is having a good time and that next delectable bite.

Each entrée is of consistent quality, moderately priced for casual and continental diners alike. Fresh choices are on the daily menu served by candle glow. Your dining pleasure is enhanced by original art, fine wines, nicely appointed tables and often, a personal "hello" from Brian himself.

Duran's by Brian is ideal for social events, casual or formal. Enhance a romance, renew friendships, clinch a business deal, or conduct an impressive meeting by our signature indoor Scotch pine in the unique Tree Room.

Let Duran's show you and your party what a really good time tastes like. Soon you, too, will be echoing our philosophy: "Ahhh, now this is dining."

We'll be looking for you...cheers!
